PROFESSIONAL PROFILE

"Computer science and audiovisual creation are my passions. On my Instagram, I post photos. Despite my youth, I am clear that my future is going in this direction. I am dedicated, serious, and passionate about what I like. I work well in a team and I enjoy learning and working collaboratively. I know I can learn and bring a lot of value from this experience by being part of your team. I am involved in my community, being part of some of the cultural entities of my city, such as the Muntanyenc club or the group of 'diables' (fire devils). I'm also a 'casteller' (human tower builder) and a university student.
